

Canada Dry

In Texas in Wink I stepped out for a
drink Tequila, of that I am sure Woke
in Colorado With known desperadoes
Found Coor's made one heD of a cure
In Albuquerque I drank some Wild
Turkey I think that someday I'D go
back But I would have gone batty Out
in Cincinnatti Till Mad Monk got me
back on track

I been drinking since I can remember
And I'll drink till the day that I die But
when I get up North, Bud For what it
is worth I'm gonna drink Canada Dry

Up in Missouri I found me a brewery
Michelob help~ me through the night
Then I went to Milwaukee To take' Red Dog
walkies But got switched on by Miller Lite Up
in Vancouver They say Molson's a mover
While Red Maple makes the Sault Smile And
those imported beers Are worth trying I hear
So I guess that I'll stay for a while

COS -- I been drinking since I can remember
And I'll drink till the day that I die But when I
get up North, Bud For what it is worth I'm
gonna drink Canada Dry
